

LISBON Walking Time

Meters & minutes walking to your destination

Walk21 Conference Portugal

LISBON Walking Time is inspired by Pontevedra's Metrominuto and created by the City Deal Space for Walking. Walking Time is a metro-style map to demystify how long it'll take to get from one point of the city to another on foot and aims to grow a walking culture. You will find the most important congress destinations on this map. Use other maps or apps for navigation.

Walking time is indicated by colour:

< 30 MINUTES 
> 30 MINUTES
